Compensation of Town Administrator Position

Drew reviewed the email **Michael Magnant** at MRI sent listing various starting salaries for recent town administrator positions in the area. The Board discussed the benefits and potential issues of advertising the position at various salary levels.

Eddie expressed concern that if the salary is significantly higher than other positions then other town employees may want their salaries adjusted. **Dana moved, seconded by Eddie, that we advertise the position at \$110,000 (the original motion was \$105,000; Dana agreed to amend the motion to \$110,000 and Eddie agreed); Voted Yes 5-0.**
