Beaver Dam on Wallace Brook Road

Eddie provided background on last year's removal of the first dam along Wallace Brook Road to **Ed**. He said an abutter was not happy with the draining of the water, so he rebuilt a new dam further from the road, but it was largely built on town conservation property. **Eddie** said the town had the property line surveyed in order to have clarity of the property line with the abutter. He said the town then sent a letter to the abutter to cease building a dam on town property. **Eddie** said public works has recently removed a section of the second dam to lower the water again and the work has led to comments on Facebook.. **Tad** said **Mr. Spader**, the abutter, asked to be on the April 4th Selectboard agenda.
