***Non-Public Minutes-2
Selectboard
June 20, 2022***

Committee members present at the meeting: Eddie Arnold, Brendan Denehy, Dana Ketchen, Steve Russo, Ed Perry (by phone) along with Town Administrator Scott Butcher.

Eddie asked Scott to update the Board on the transition progress between the ingoing and outgoing Town Administrators. Scott stated that the transition was going well and felt that having Tad around has been extremely helpful in getting up to speed. He also stated that the Town Administrator Task Book that Tad had developed was an extremely valuable tool. When asked if there were any obstacles or surprises so far, **Scott** stated there weren't any. The only issue encountered so far was the Building Inspector raising the issue of at least two properties that never received final inspections or Certificates of Occupancy. After some discussion, the Board requested that the Building Inspector be invited to the next meeting to discuss the issue.
