Conservation Commission Purchase and Sales Agreements

Drew said the P&S agreements are completed with the exception of the boundary description language for the Nissitissit Land Trust and the Beaver Brook Association parcels that the Town will be purchasing for one dollar each. **Drew** asked, on behalf of the Conservation Commission, that the **Board** vote to accept the P&S agreements at this time, and add the boundary description language later, in the interest of time. The **Board** agreed to vote to accept the agreements at the next **Board** meeting Monday October 2, once they are finalized.
