Milner Wallace Memorial Trust

Tad provided background on a request that had been received from the Brookline Conservation Commission to withdraw \$150 from the Milner Wallace Memorial Trust to reimburse Girl Scout Cordelia Scales for a portion of project costs she had incurred in a beautification project at the Cider Mill Trail Head on Route 130. As part of the project, she had built raised beds and planted pollinator patches within them. **Clarence** asked if the withdrawal would impact the Fund's principal. **Tad** said no as the Fund was established with \$1,064.29 and at the end of 2016 had a balance of \$1,769.61. **Rod moved, seconded by Melanie, to approve the withdrawal of \$150 from the Milner Wallace Memorial Trust for reimbursement of project costs incurred by Cordelia Scales; Voted Yes 3-0.**

Neighbors Helping Neighbors Fund

Tad provided an update on the Neighbors Helping Neighbors Fund. The balance at the beginning of the year was just over \$6,900 and as of today is at about \$8,800.
